TEAMSTERS LOCAL #362
CALGARY, AB

Dear Mr Eickel,

Opening in 2010!

As the Southern Alberta Institute of Urology is nearing completion, we are pleased to provide you with the latest Gift at Work report outlining the progress in both diagnosis and treatment of urological diseases. Through your philanthropic investment, this unique institute will open its doors in 2010, with the ability to offer innovative treatment and technology to all Albertans.

We hope you will enjoy reading the report and feel personal pride in how your support helped achieve these accomplishments. Your investment will help provide the resources needed to aid in the reduction of urological diseases and enhance improvements for patients seeking urological care in Southern Alberta.

To learn more about this project or to inquire on other health and wellness programs we support, please contact me directly at 403-943-0900 or bbrooks@thetrust.ca. With you, the Calgary Health Trust supports enhancements in technology, programs and services in our community.

Sincerely,

Bill Brooks
Director, Capital Projects and Fundraising
